STRATHSTONE GARDEN WALLING

Strathstone Garden Walling

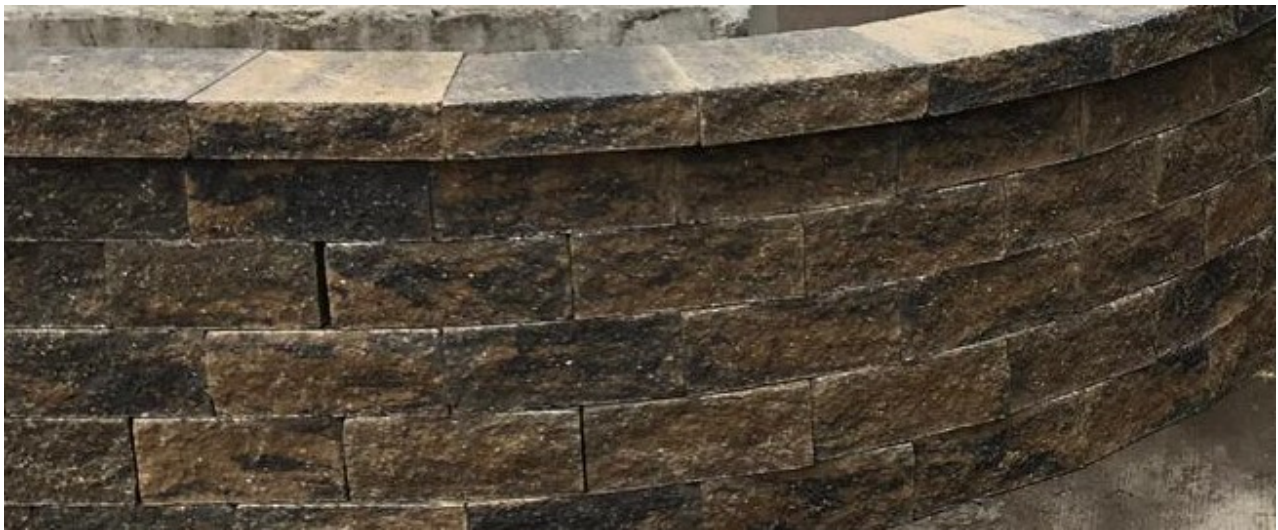

Add value character and timeless elegance to your outdoor with our beautiful Strathstone Garden Walling. The vibrant colour blends creates a magnificent but warm look which mimics the effect of natural stone with added durability.

Strathstone Garden Walling is available in a various colours which match our striking paving ranges.

- Faced on both sides
- Beautiful colour blends and contoured texture creates the effect of natural stone
- Easy to install
- No mortar required
- Cost effective
- Perfect for DIY
- Frost proof with Scottish materials and hard wearing surface
- Locally sourced and not transported from overseas

Guide:

- Prepare the foundation and lay the blocks in concrete approximately 200mm wide and 50mm deep.
- Continue installing the next rows of blocks on top using suitable construction adhesive to glue the blocks together.
- Once the wall is completed a coping can be placed on top and glued into position.
